BAILIFFSCOURT HERD

Foreword

Introduction

The Bailiffscourt Pedigree Ayrshire Herd has been one of the most notable and successful in the UK for many years. Situated on the east coast just north of the popular sea side town of Whitby in North Yorkshire this picturesque area is ideal for early grass production and this special herd has flourished at Phipps Farm under the management of Keith Thompson.

The herd has belonged to the Dowager Marchioness of Normanby for over 60 years and she has been so proud of the many achievements and accolades her cows have been awarded during this time. (Please see foreword from Keith Thompson)

Herd Profile

The conformation of the herd (albeit a young herd) is of a high standard with 6 Excellent, 8 Very Good and 16 Good Plus cows selling as well as 3 Very Good milking heifers. There are 22 Heifers in milk, 22 second lactation cows, 13 third lactation cows and 13 having had four or more. There have been 17 freshly calved cows and heifers in 2017 with 10 freshly calved in April. 37 cows will calve in the summer period. Following the milking herd will be 35 in-calf heifers due to calve July-August to Stamford Normas Diamond. So if you are in the market for summer calving animals this sale has 72 on offer. There are 11 strong bulling heifers from 20 months old to 12 months old and 22 heifer calves under a year old.

Genetics

The genetics and breeding within the Bailiffscourt herd are superb with highly productive cows producing high quality milk mostly from grass and in a relatively simple system. If you are wanting to develop the genetics within your herd especially if you want to bred cows that will excel in grazing systems then you cannot afford to miss this event on Wednesday 10th May.

One of the standout cow families has to be the Hortense cow family with a number selling in the sale. The foundation cow was Bailiffscourt Hortense 267, she classified EX91 and gave over 60 ton of milk lifetime with five lactations over 9000kgs she also produced over 5% butterfat and 3.5% protein. She has three daughters and four grand-daughters selling in the sale, potential bull mothers of the future. Other leading cow families include the Fortune and Moonbeam lines.

Sires within the milking herd include Haresfoot Khan, Stamford Missing Link, Castern Tornado, Bailiffscourt Triple Fortune & Stamford Chocolate Nugget. The youngstock are sired by Heydale Windjammer, Twemlow Admiral Glen and Ardmore Crown Napier.

Herd Health

All of the animals in the Bailiffscourt herd have been tested clear of BVD and received their booster vaccination at the end of February 2017. The herd is in a TB four year testing area and there has never been TB within the herd.
