Foreword

Introduction

Inshanks and Slockmill farms are situated in the Rhins of Galloway peninsula, the most southerly part of Scotland which is renowned for having a mild climate and one of the earliest growing seasons in the country. The farms lie near to the town of Drummore and believe it or not are on the same line of latitude as Penrith in Cumbria.

The McClymont family have been farming in the area for many generations and have recently sold their farms. This complete dispersal sale offers milk producers and breeders a special opportunity to purchase quality pedigree Ayrshire cattle that are tough and robust and have the genetics to produce large volumes of high quality milk from grass.

The farm had been supplying First Milk Nestle group with the highest quality milk for many years. The herd is in the Top 4 in the Nestle group for combined butterfat and protein. The Inshanks Ayrshire cattle are strong framed and are in excellent body condition, their feet and legs are exceptional.

Herd Profile

This complete dispersal sale has a total of **298** pedigree Ayrshire selling, comprising **170** cows and heifers in milk or dry. There are **25** heifers in milk, **27** cows in their second, **23** cows in their third, **38** fourth calvers and **57** having had five or more calves. This is a spring calving herd with the majority of the herd due in March, April and May. Approximately **20 will be freshly calved for the sale**. There are **27 in-calf heifers due to calve in March**.

The young stock numbers selling total 101, comprising of 32 strong bulling heifers, 18 heifers from 12-18 months old, 30 heifers from 6-12 months old and 21 heifer calves under six months. Although the young-stock have not been registered pedigree with the Ayrshire society they can be by contacting Duncan Hunter.

Production and Management

The herd is currently averaging **5570kg 4.71% butterfat 3.47% protein** on twice a day milking with an average cell count of 132. The herd is grazed from March until late October and are feed outside 365 days of the year. They are fed a flat rate of dairy cake at milking time and are milked using a 24 point Milka-Ware rotary parlour. They are housed in a traditional cubical house during the winter months, the winter ration is grass silage with cake fed at milking. Dry cows are dried off using Cefinain Dry Cow and teat sealant.

Genetics

For the last 25 years top Ayrshire bulls have been the backbone to this cracking herd of Ayrshire cows. Udder quality and strong feet and legs have important breeding traits.

Killoch Punchbag made a massive impact on the herd in the early 90's and since then the most influential bulls have been; **Stevensons Pond Hopper**, **Brieryside Ambassador** and **Brieryside Next Program**.

The current milking herd is mainly sired by **Garthland Snowman** and **Garthland Consort**. **Snowman** is an **Killcrest Ice Man** son from a 60 ton dam with over 9000kgs at 4.77% 3.6%. **Consort** is **Shady Walnut Conn** son and again bred from a dam with over 9000kgs with over 4% protein.

The current service sire and sire of most of the young-stock is **Auchensale Canadain Lord**, a tremendous sire displaying super strength and power and probably one of the best feet and legs bull in the breed. He is sired by **Lagage Modem** and bred from a 10,000kgs dam followed by a grand dam with over 12,000kgs with over 80 ton lifetime.

Herd Health

The herd is vaccinated for BVD and Lepto and is officially BVD tested clear. The booster for BVD is given at drying of. The herd is in a four year TB testing area and the herd was recently tested clear on the 15th January 2018. Johnes disease has been screened through the milk samples and the herd is officially clear. Apart from the purchase of bull this is a closed herd and completely home bred.

Maximise your *butterfat* at grass this spring with **ButterMax**

Our **ButterMax** dairy feed has high energy and high DUP content to sustain peak yields and contains HDF, Actisaf and Butterfat Extra to protect your milk quality and milk price when cows are grazing spring grass. The inclusion of Actisaf live yeast:

- Improves fibre digestion
- Stabilise rumen pH and decreases rumen upsets at grass
- Improves dry matter intake
- Eases transition to spring grazing
- Supports strong milk yield and milk quality

**HEALTH AND SAFETY RULES
HARRISON & HETHERINGTON LIMITED
NOTICE TO ALL VISITORS AND TRADERS
PLEASE READ AND OBSERVE
THE FOLLOWING**

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available.
