

THR — Total Herd Recording

Do you want us to help you save money on breed society registration fees?

- Do you currently register your calves with ACS?
- Do you inseminate most of your cows with Ayrshire or sexed semen?
- Do you want to pay your female registration fees each month to ACS based on the number of cows in your herd, rather than per calf registered.

If the answer to **any** of these questions is YES, then why not think about using THR?

Costing 25p per cow in the herd per month, (26p per month if registration certificate required), it's a simple way of managing cash flow and for many, can save money on registration fees.

For more details and a quote, please contact your local member of NMR field staff.

Or:

Telephone NMR customer services on 03330 043 043

Email : customerservices@nmr.co.uk.

**THR – demonstrating strong co-operation
between NMR and ACS, for YOUR benefit**
