Foreword

The Stevenson family have been dairy farming in the Dunragit area for three generations and took over Kirminnoch Farm in 1939. Willy took over the running of the family farm in 1962 at the age of 17 following his father's death and won the Stranraer Show that same year with Stevenson's Countess. Stevenson's Ayrshires have been regular winners of Stranraer show ever since winning Grand Champion for the last time in 2017. Their association with the Ayrshire breed is huge and they have played an important role in the history and development of the breed over the years breeding top AI sires such as Stevenson's Saltire, Stevenson's Benjamin, Commanding Officer and Integrity and they also owned the popular AI sire West Mossgeil Modern Reality.

"We milk our show cows and show our milk cows" has been the family motto and something you regularly hear when viewing the herd at Kirminnoch Farm. When you consider the outstanding and most prolific cow families within the Stevenson's herd this motto becomes a reality. The cow families that rise to the top are the **Bunty, Marcia, White Lady, Buttercup and Marjorie** and they do this both in the milking parlour and show ring.

The Marcia family features in the sale with several outstanding opportunities for breeders to invest in. The foundation cow was Pimhill Marcia who was purchased at Richard Mayall's dispersal sale. She placed 2nd at the Scottish Winter Fair as a Senior Cow and her first daughter Stevenson's Marica 2 was Interbreed Champion Heifer in Milk at the Royal Highland & Royal Show in 2000, the only Ayrshire heifer in history to win both awards in the same year. She went on to win many shows including Interbreed at Dumfries Show in 2002 and is the dam of top AI sire Stevenson's Saltire.

One of the Stevenson's proudest achievements was wining Grand Champion at the Royal Show with Stevenson's Bunty 58 in the late 90's and winning Reserve Champion at the Royal Highland Show two years in a row with Stevenson's Buttercup 50. In recent years Stevenson's Bunty 114 (lot 30) has been the herd leader having placed 1st at UK Dairy Day for two years and won Interbreed Champion at Stranraer in 2016 and 2017, her two daughters sell sired by Ayr-Phoe Ideostar (lots 31 & 32) along with her two son (lots 33 & 34) sired by Stevenson's Argo & Brierside Snowman.

The sale comprises all the entire milking herd and all in-calf heifers due to calf in 2019. In total 159 Pedigree Ayrshire cattle sell, with **49 heifers in milk, 35 cows in their second, 27 cows in their third, 11 cows in their fourth and 17 cows with five or more calves plus 18 in-calf heifers and 2 bulls.**

The Stevenson's Ayrshire herd is currently averaging **7020kgs 4.26% butterfat and 3.41% protein** with approximately 30 freshly calved and summer calved cows and heifers selling. One of the **BIG** attractions in this sale must be the 18 in-calf heifers with several of them expected to be fresh before sale day.

The herd is grazed from early Spring to late Autumn each year and will be outside on pasture up until sale day. They are mainly in-calf to Stevenson's Bestman and Stevenson's Snow Ball (lot 34), who are both sons of the EX94 Stevenson's Bunty 114 who has produced over 10000kgs on four occasions. They are cubical housed and milked twice a day with cake feed at milking time and grass silage during the winter months.

Export to N. Ireland

The Stevenson family will house any animals purchased for N. Ireland for the 30-day export period

Herd Health

The herd is tested clear of BVD and Johnes and in a four-year TB testing area. The last herd test was in 2017

When it comes to insurance, one size doesn't fit all

At H&H Insurance Brokers, you get access to the widest range of policies available, rather than just a few standard packages as offered by some insurers.

This means you get exactly the right cover for your farm and don't end up paying for extras you don't need.

And with over 30 years' industry experience, we're fast becoming the insurance broker of choice for the regions' agricultural community.

Why not speak to one of our farm insurance experts today on 01228 406 290 for a 'no obligation' quote.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
